RE: SIGN APPROVAL

Attention: John M. Stewart

Gentlemen:

We have reviewed the final submission of the revised lettering and symbol layout for our new sign and find it very satisfactory.

Accordingly, we are returning herewith, two photocopies of final layout with our approval indicated thereon.

By way of confirmation of our telephone conversation, please be advised that we would appreciate receiving the Anchor Bolts and Leveling Plates for the foundations as soon as possible, so that the concrete work can be completed and have time to set up prior to the arrival of the sign.

Very truly yours,

HIGHWAY TABERNACLE CHURCH
