W. McAnny

The Pastor stated that the meeting had been called for the purpose of determining what should be done with reference to the work the two Traveling Evangelists had been doing during the summer months. A number of the parents interested in the work had been invited to meet with the Board, but Mrs. F. E. Murphy, 2433 N. Garnet Street was the only one who came out.

Brother Bragg asked Mrs. Murphy to make a statement of the work in their neighborhood, the interest among the parents and also the children, which she did. Mrs. Murphy was also asked if she would open her home to meet with the members of the Board who might look into the matter of meeting and talking with the parents and others interested, and if she could find another home which might be larger and available, which she acquiesced in.

Brother Bragg stated that he had contacted our City Missionary's doctor with reference to her physical condition, and reported to the Board, also that he received a card from Ethel Newcomb saying that "In some respects Hilda was improved."

Brother Bragg brought up the question with reference to certain rules that were printed and advertised at Camp Meeting which he had been accused of making, and as he felt that because of this some of the young people, as well as adults, might feel that it was true and lose confidence in him. It was suggested, after some discussion, that one of the Board members would make a public announcement at the Sunday morning service in order to clarify the situation and absolve Brother Bragg from all blame for drawing up the Rules.

There being no further business, the meeting adjourned with prayer.

Respectfully submitted,
