

## *Young People's Department*

The young people of Highway are presently under the leadership of Rev. Neil Chadwick, who has most energetically applied his talents towards developing the youth in channels of activities along the lines of Christian service.

He has slanted his ministry to attract the youth of high school age, and to encourage them to bring their school companions, friends and others to the fellowship meetings, so that they also might be brought under the influence of the Gospel.

Interest in this area is building up and it is hoped that these young people will continue to grow in the things of God, and to become effectual soul-winners.

1968 -**

## *Missions*

Highway Tabernacle is known throughout the Nation and around the world as a Missionary Church. Scores of our members have gone to Bible Schools to train and eventually to go forth into the whitened harvest field to carry the Gospel of the Lord Jesus Christ to those in the lands beyond.

Our missionaries today are located in many lands, including Africa, Indonesia, the Philippines, Japan, Italy, Ceylon, Botswana, Brazil, Peru, etc.

The Women's Missionary Council of Highway consists of a band of devoted ladies whose chief activities include prayer sessions in behalf of the missionaries on the field, preparation of supplies to be used in the Mission Stations around the world. The Council meets each month in the church building to carry out their vital ministry.

Each Thursday afternoon, the Missionary Prayer Hour is held at which time letters received from the missionaries are read to the group and prayers offered on their behalf.

Interest in the field of Missions is maintained by engaging Missionary speakers to take part in the church services and they oft times bring with them some of the objects used by the natives in their respective fields.
